

Hello ,

Thank you for downloading Part one of the many guides I am about to write. This guide will cover all the basics of neopets. You should know.

1. **Games!** This is one of the easiest and most known ways to make neopoints. However, it is not the quickest way. Here is a list of games to play:
 - *Turmac Roll*: Send your score when its anything over 250. Also, if you slow your turmac down to almost a stand still (press your left arrow) you will have a higher chance of getting a rare berry that will get you more points!
 - *Fashion Fever*: This is really easy. You don't have to actually dress up the pets to get the points. All you do is start the game and click the end button right away. Easy 300 points each time, for a total of 900 neopoints everyday!
 - *Meerca Chase*: If you play on hard, you will get more points, and with time and practice, you will get used to the speed! If you really want a challenge (and attempt to get extra points!) type in superextrahypergravity mode for a funnel type game, and ferociousneggsareontheloose for a game with ferocious neggs that chase you instead of the traditional red bad neggs!
 - *Ice Cream Machine*: if you type in strawberryvanillachocolate, you will get an extra life!
 - The sponsor games are usually pretty easy too, so you may want to check those out too!
 -
2. **Dailies!** Some Dailies are better than others, but if you play them enough, you may get lucky! Some dailies worth playing are:
 - Tombola, found [here](#)
 - Coltzan's Shrine, found [here](#)
 - The Fruit Machine found [here](#)
 - Weltrudes Toy Chest in The Petpet Park, found [here](#)
 - The Snowager, available from 6-7 AM, 2-3 PM, 10-11 PM, (all Neopets Standard Time/Pacific Standard Time) found [here](#)
 - Qasalan Expellibox found [here](#)
 - Free Jelly found [here](#)
 - Free Omellette found [here](#)
 - 2000 points and 1 free food item for each of your pets every month. [here](#)

Do's

- Don't play a lot of luck and chance games, because you will end up spending more neopoints than you make.

- You don't need to feed your pet expensive foods. In fact, while you are on your quest for a million neopoints, learn how to [Get Into the Soup Kitchen when You Are Rich on Neopets](#)
- You can also read some good 50k-a-day guides.
- To get better at Meerca Chase and earn Neopoints quickly, don't submit your score until you get at least 150 points. Once you're getting between 200 - 250 points, don't submit until you're getting 300, and so on until you're in the thousands.
- Do at least fifteen of the tasks on the Daily Neopets list every day to earn quick, easy money.
- Use places that feed your pets for free whenever possible, found [here](#), [here](#) and [here](#).

Don'ts

- Do not make more than one account to use this on. Your accounts will be frozen.
- Consider creating a Neopian Bank account and deposit most of your NeoPoints there. Carry around 1,000-15,000 NP'S with you at all times.
- Beware of Illusen and Jhudora's Quests, as this is a waste of neopoints and the rewards you get from them are only worth less 100 neopoints, yet they will ask for things over 5000 neopoints! However, if you keep doing their quests until when you're around the high levels, you can get rewards that cost 500,000 neopoints.
- Watch out for scams. If something sounds too good to be true, it probably is! Never give out your password to anybody, even if they offer to get you 1 million neopoints, or the pet you've always wanted.
- Remember that there are no short-cuts in Neopets. The people who have a lot of money work hard for it.
- Beware the Lever of Doom! If you're trying to get the avatar, don't do it unless you wish to lose thousands of Neopoints. You might get lucky and get it the first time you pull the lever, but most people have to pull it more than ten times. Each time a hand steals one hundred Neopoints from you, so after ten times you would have lost 1000 Neopoints. The avatar is completely random so you could pull the lever one hundred times (10,000 NP) and not get the avatar.

I am still writing the other part which covers some not so basic concepts. Do hit us back some time later to check for updates. If you are impatient , do send me a mail on thespocsoguy@gmail.com and I might give you a sneak peak on the happenings.
